## Profile

---

- Full Stack Developer with **2 years of experience** in the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Skilled in building **scalable web applications** using **React, Redux**, and **TailwindCSS**.
- Proficient in **REST API design, JWT authentication**, and **MongoDB architecture**.
- Experienced with **AWS (S3, EC2, Route 53)**, **Docker, Jenkins**, and **Nginx** for deployment.
- Strong in **UI/UX integration, performance optimization**, and **Agile collaboration**.
- Passionate about creating **high-quality, user-centric digital solutions**.

## Experience

---

### Osumare Marketing Solutions : Full Stack Developer

*Pune  
Oct 23 - Present*

- Designed and maintained scalable full-stack web applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Built and integrated **RESTful APIs**, third-party services, and middleware to enhance performance and functionality.
- Implemented secure **JWT-based authentication** and role-based access control (Admin, Recruiter, Job Seeker).
- Developed responsive, SEO-friendly UIs with **React.js** and **TailwindCSS**, ensuring high performance and usability.
- Optimized MongoDB queries and schemas for better scalability and faster data handling.
- Managed **AWS (S3, EC2, Route 53)** deployments and automated pipelines using **Docker** and **Jenkins**.
- Configured **Nginx** for high availability, load balancing, and smooth production deployments.
- Collaborated with designers to convert **Figma/Adobe XD** prototypes into functional, user-centric interfaces.
- Conducted code reviews, mentored juniors, and maintained clean, reusable code standards.
- Communicated with clients to gather requirements and deliver high-quality, timely solutions.

## Projects

---

### Starplify (Recruitment Platform) [starplify.com](https://starplify.com) [🔗](#)

A web-based recruitment and networking platform for the film industry

- Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, TailwindCSS, AWS, Docker, Jenkins.
- Developed and deployed a full-stack platform connecting recruiters and job seekers in the film industry.
- Built and integrated modules for job posting, applicant management, and user authentication.
- Implemented secure login systems with JWT and middleware-based access control.
- Integrated AWS (S3, EC2, Route 53) for scalable hosting and automated CI/CD pipelines with Docker and Jenkins.
- Collaborated with designers to implement user-friendly UI/UX for recruiter dashboards and user portals.

### Lonavala Stay Villa (Web Application) [lonavalastayvilla.in](https://lonavalastayvilla.in) [🔗](#)

A villa booking and review platform for customers and property owners

- Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, TailwindCSS.
- Developed a villa booking platform where users can view details and book stays seamlessly.
- Implemented secure authentication and user login flow using JWT.
- Built review functionality with admin approvals to ensure only verified reviews appear.
- Designed and integrated multiple user-centric features for a smooth booking experience.
- Deployed the application on AWS EC2 with proper server configuration and scalability.

## Technical skills

---

**Frontend:** React.js, TailwindCSS, HTML5, CSS, JavaScript (ES6+), Bootstrap, Next.js

**Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication, Middleware, Bcrypt.js, Redux, Redis.

**Database:** MongoDB, Mongoose Atlas, Firebase, Cloudinary.

**Build and Tools:** GitHub, Git, Jira, Netlify, Vercel, Render, CI/CD Pipeline, AWS, Docker, Jenkins, Nginx, EC2, S3 Bucket, Route 53, Hostinger VPS.

d

**Design & Prototyping Tools:** Figma, Adobe XD.

## Education

---

**Savitribai Phule Pune University, Nashik**

*Jun 2019 – Aug 2022*

Bachelor of Computer Science (CGPA: 7.58)

**CLASS XII**

*PERCENTAGE: 59.39*

**CLASS X**

*PERCENTAGE: 80.40*

## Certifications

---

Full Stack Development certificate: [Certificate](#)
